

INTEGRATED QUALITY, ENVIRONMENT AND OCCUPATIONAL HEALTH AND SAFETY POLICY

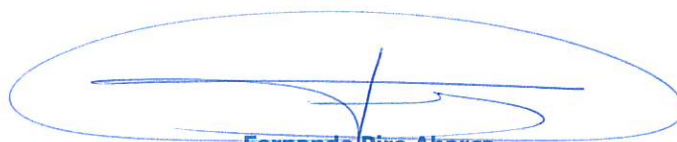

The Management of **APK Gestión de Aparcamientos, S.A. (APK2)** expresses through this policy its commitments in the field of quality, environmental protection and occupational health and safety.

This policy applies to the activity of acquisition and operation of car parks and constitutes the foundational document for the Integrated Management System. It is appropriate to **APK2's** purpose, size, and context, reflecting the nature, scale, and environmental impact of activities and services, as well as the specific risks and opportunities associated with occupational health and safety.

Through this Policy, the **APK2** Management undertakes to:

- Seeking the highest level of customer satisfaction by rigorously addressing requirements and consistently striving to meet expectations.
- Promoting sustainability, preventing pollution, continuously improving environmental performance, and ensuring effective protection of worker health.
- Complying with applicable legal, regulatory, and contractual requirements, as well as other obligations subscribed to.
- Identifying, evaluating, and prioritizing risks and opportunities associated with the activity, providing a reference framework for setting objectives that align with this policy and support performance improvement.
- Providing safe and healthy working conditions, to prevent injuries and deterioration of the health of our workers, eliminating hazards, reducing risks related to occupational safety and health, and encouraging employee participation and consultation—directly or through representatives—in decision-making processes related to this area.
- Developing employee skills in quality, environmental, and occupational health and safety management to ensure engagement and commitment.
- Pursuing continuous improvement in the Integrated Management System and **APK2's** performance in these three areas.
- Providing timely information to relevant stakeholders.
- Mitigating environmental impact and adapting activities to address climate change.

APK2 Management leads the implementation of this policy by providing the necessary resources to achieve these objectives.
